

Young Man with a Plan Update April 24, 2019

Codman Meeting

Tuesday's meeting at Codman was well attended. We checked in on vacation week and discussed a few topics—how do you look out for your brother and help keep him from his worst impulses? How do you deescalate a potential fight? Also, we had discussions about apartment rents, housing costs, gentrification, real estate, and wealth building through property ownership. We also celebrated Korell's birthday with a cake.

We are currently checking in on all students' summer employment and enrichment plans and collecting term grades.

Hope everyone had a great vacation week. We held a gym day on Tuesday of vacation week and had students from BCCS, BCLA, Boston Prep, Codman Charlestown & New Mission play basketball in the BP gym and then eat lunch and play games in the YMWAP room.
